WORK EXPERIENCE

Assistant Nurse Manager

St. John's Health Center

2022 - current / Santa Monica, CA

- Led a team of 5+ junior nurses, using Workday for efficient scheduling, **saving the hospital \$17,331** in overtime costs.
- Implemented Meditech protocols for better medication administration, reducing dispensing errors by 28%.
- Integrated McKesson systems for medication inventory and patient discharge processes, eliminating 4 administrative tasks.
- Assisted seniors in transitioning from the hospital's existing EHR software to Allscripts, improving data access speed by 9 minutes.

Nurse Supervisor

LAC+USC Medical Center

2019 - 2022 / Los Angeles, CA

- Worked with registered nurses, using Epic Systems to digitize patient documentation and mitigate charting errors by 22%.
- Leveraged Cerner to develop personalized care plans, **curtailing discharge delays by 19%**.
- Enforced new care protocols for better hygiene, lowering hospital-acquired infections by 13%.
- Supervised nurses on Nursing Central for evidence-based patient care, cutting down clinical errors by 24%.

Charge Nurse

Keck Medicine of USC

2016 - 2019 / Los Angeles, CA

- Optimized all shifts for nurses and janitors with the help of TimeClock, ensuring 98% staff availability at all times.
- Helped with interdisciplinary teams to promptly resolve health complications, leading to a **37% decrease in adverse events**.
- Designed a new charting protocol in Microsoft Excel, shortening patient documentation times by 44 minutes.
- Held weekly team meetings that improved communication, expediting response to critical care by 6 minutes.
